2015 to present	Founder & CEO	Nooron Collaboratory Inc/UG																																																								
Led 7 staff in e-commerce consulting, product development and AI-alignment R&D																																																										
2013 to 2014	Fullstack Software Engineer	Connectifier																																																								
Fullstack engineer at Thiel-funded SoCal tech recruiting startup acquired by LinkedIn																																																										
2013 to 2014	Architect & Programmer	The Orlando Project																																																								
Led team building academic dynamic visualization / semantic collaboration system																																																										
2011 to 2014	Founder, CTO, Architect	Semandra, Inc.																																																								
Led cognitive, semantic, Salesforce, fleet management & e-commerce SaaS builds																																																										
2002 to 2011	Principal	smurp.com																																																								
Led cognitive, real estate, knowledge graph, collaboration & publishing builds																																																										
1995 to 2003	Founder, Chair, VP R&D	Emergence by Design																																																								
Led 15 staff building e-commerce, academic, real estate, recruiting, legal & other SaaS																																																										
1990 to 1995	Principal	Sapient Systems																																																								
Built <i>FastEDI</i> (B2B e-commerce); edu assessment tool; Real Estate management																																																										
1990 to 1992	Founder & Director	TechnoWatch Society																																																								
Led existential risk research & think-tank addressing AI, Biotech & Nanotech hazards																																																										
1989 to 1995	Systems Analyst I, II & III	Gov't of Alberta																																																								
Led 4 staff building biomedical LIMS, inventory & ordering; taught RDBMS skills																																																										
Education	International Baccalaureate @ Lester B. Pearson College; CompSci, Phil, Phys, Math(Hon) 2yrs @ University of Alberta; Digital Electronics Tech @ SIAST; Bootcamp @ NeXT
